

Acknowledgements

The author would like to thank the many colleagues who helped undertake this survey.

Fieldwork team:

Zuleika Francis

Mark Francis

and **Sarah Richards**

... provided essential support during fieldwork.

SNH staff:

Kate Holl (Advisory Services, Leith) planned the direction of the survey and liaised during its execution

David Millar and his staff (Kinlochewe) arranged access and transportation to the Loch Maree Islands

Simon Cohen (Dingwall) enabled access to Pitmaduthy and Monadh Mor. **Christine Welsh** (Fort William) liaised over access to Lònn Lèanachain. **Peter Moore** (Aviemore) organised access arrangements and supplying data relevant to Rothiemurchus and Inshriach. **Ewan Cameron** (Aberdeen) liaised over access to the Mar Lodge component of the survey. **Geoff Johnson** and **Philippa Vigano** (Advisory Services, Leith) assisted with advice on mapping and data collection.

I would also like to thank the following agency and estate staff and landowners for their time in helping with access to sites and site data: **David Whitaker** (Forest Enterprise Torlundy) for arranging access to Lònn Lèanachain, **Mr John Grant** and **Alph MacGregor** of Rothiemurchus Estates for agreeing access to the estate and helping with provision of maps and gate

keys, and **Alister Clunas** of National Trust for Scotland for allowing survey work on part of the Mar Lodge Estate.

I would also like to thank **Hamish Irvine** of Scottish Mountaineering Club and **Mary Lothian** of the Ladies' Scottish Mountaineering Club for allowing the use of their properties in Wester Ross and Invernesshire as fieldwork bases.

Dr Bryan Wheeler of the Wetland Research Centre, University of Sheffield, also contributed valuable comments on the draft report.
